Dear Robyn,

On behalf of the Delta Firefighters' Charitable Society committee, I would like to thank you for your Halloween haunted house fundraiser donation. We are always grateful for people like yourself who take the initiative to create a fundraiser and choose us as your charity. It's great to know that the haunted house has been a success each year and it is becoming more recognized within the community.

The Delta Firefighters' Charitable Society was created in 1994 and ever since, Delta Firefighters have volunteered their time to help raise money. We fundraise through our annual boot drive and several BBQ events each year. We are committed to donating funds to various Delta charitable organizations and programs. If you would like to know more about our society, I invite you to have a look at our website as it outlines what we do in the community and where the fundraised money goes.

Thank you again for your contribution and we wish you the best with your haunted house project.

Sincerely,
